KANCHAN RAJPUT

Front End Developer

📞 **8766564612**   @ **kancrajp@gmail.com**   📍 **Pune**

SUMMARY

Innovative Front End Developer with significant experience in building web applications. My strengths include proficiency in various programming languages such as React, JavaScript, CSS, and HTML. I am dedicated to expanding my knowledge and skill set continuously. Currently seeking an opportunity to leverage my front-end development expertise in a collaborative team environment where I can contribute fresh ideas, foster professional growth, and gain hands-on experience with real-world projects.

EXPERIENCE

Front End Developer

Sagitec Solutions

📅 06/2019 - 07/2020   📍 Pune

- Collaborated with developers to build and enhance frontend components with HTML, CSS, and JavaScript.
- Demonstrated flexibility and adaptability by quickly learning new tools and frameworks.
- Collaborated with team members to share insights and propose solutions for project success.
- Built a variety of personal projects and portfolio websites to deepen my understanding and knowledge in frontend development.
